Beyond the classroom, the graduates have formed lasting bonds and friendships that have enriched their personal and professional lives. They have shared countless moments of collaboration, support, and camaraderie, creating a vibrant community that extends far beyond the boundaries of this institution. Today, as we celebrate their accomplishments, let us also acknowledge the invaluable role played by their families and friends, who have been pillars of strength and encouragement throughout this remarkable journey.

To the graduates, remember that this moment is not just an end, but a new beginning. As you embark on the next chapter of your lives, carry with you the knowledge that you have the power to make a positive impact on the world. Embrace the challenges that lie ahead, for they are the stepping stones to growth and success. Stay true to your values, remain curious, and continue to learn and adapt. Remember, success is not merely measured by material achievements, but also by the positive difference you make in the lives of others.

To the families and friends, thank you for your unwavering support and belief in these graduates. Your presence here today is a testament to the love and dedication you have shown throughout their educational journey. As they move forward, they will continue to rely on your encouragement and guidance as they navigate the complexities of their chosen paths.

Bsn's passion

"We are passionate about leadership, combining business success with social responsibility"

We emphasise the importance of the four pillars of leadership in driving positive change within organisations and in today's rapidly evolving world.

THE FOUR PILLARS OF LEADERSHIP

OVERVIEW OF BSN

Business School Netherlands (BSN) offers global Action Learning MBA programmes, management and in-company programmes for directors, managers, and experienced professionals. BSN was established in 1988 in the Netherlands and is headquartered in the royal city of Buren.

Over the course of 38 years, our business school has grown to become a education provider with multiple locations and partners worldwide, including China, South Africa, Nigeria, Czech Republic, Curaçao, Ghana, Suriname, Algeria and Egypt. Each year we warmly welcome an average of 500 students from around the world.

Our ambition is to be an enabler in the development and success of leaders, professionals and organisations worldwide, through unique Action Learning programmes, providing answers to current management issues. BSN pioneered the use of the Action Learning method. It is a powerful method that seamlessly combines learning and working. This sets us apart by enabling students to immediately apply their knowledge in their work, as Action Learning creates a unique integration of theory and practice, making learning relevant and directly applicable.

Our students appreciate this approach, which prepares them for effective leadership in their field. You are one of those students who has proven that you can achieve positive change through practical learning, applied to current real organisational challenges, set in a broad context and focused on achieving sustainable results.

PROGRAMME ACCREDITATION AND RECOGNITION

Business School Netherlands (BSN) is globally recognised and accredited at both institute and programme level.

Institute level:

- ATHEA, Association for Transnational Higher Education Accreditation;
- NRTO, institute recognition;
- CEDEO, recognition based on proven customer satisfaction (score 95.6%).

The (Executive) Action Learning MBA programmes are accredited by:

- NVAO, Dutch-Flemish Accreditation Organisation;
- ACBSP (American), the second largest accreditation body in the world with more than 1,000 affiliated business schools worldwide;
- FIBAA, an international accreditation for all MBA programmes;
- School Leaders Register Primary Education (PO), accreditation for MBA and Action Learning courses.

The Global Executive DBA is accredited by the Accreditation Agency of Curaçao (AAC), which is recognised by the Curaçao government through the Ministry of Education, Science, Culture and Sport. Global Humanistic University, with which BSN collaborates in this programme, is officially recognised by the Curaçao government.

LIFELONG ACTION LEARNING

Graduating from Business School Netherlands is not the end of your learning journey – it's the start of a lifelong connection to a global network of leaders in action.

As a BSN graduate, you join a community of over **10,000 professionals in more than 75 countries**, united by **the mindset of Lifelong Action Learning.** Together, our alumni have **completed more than 50,000 Action Learning Projects worldwide** – delivering tangible results in areas such as sustainability, digital transformation, energy transition, and the creation of new business ecosystems.

A meeting point for like-minded leaders

At the heart of this network lies the **BSN Impact Centre for Great Leadership** – a meeting point for leaders from diverse sectors and countries to connect, share insights, and co-create solutions. Here, alumni, students, and other professionals exchange experiences, generate practical knowledge, and strengthen their leadership skills through personal growth, organisational development, and contributions to progress in the wider world.

Connecting through signature alumni activities

From the Impact Centre, we host a range of activities designed to keep our alumni connected, inspired, and equipped for the challenges of modern leadership:

- **GoodmorningBSN!** – Every Tuesday morning, leaders from the Netherlands, South Africa, Nigeria, Ghana, Kenya, Curaçao, China and

beyond meet online for a 45-minute 'Zoominar'. These high-energy sessions are a space to explore leadership challenges, share ideas, and exchange practical solutions.

- **BSN Read∞** – On the last Wednesday of each month, Prof Bernie van Zijl leads a 40-minute leadership book discussion. Whether you have read the book or not, you will gain valuable insights and fresh perspectives – no preparation required.
- **Global Leadership Conference** – Each year, alumni, students, and guests from across the globe come together online for keynotes, panel discussions, and cross-border networking. The focus is on staying relevant, resilient, and ready for the future in an ever-changing world.
- **Other events** – Themed meetings, masterclasses, networking events, exclusive company visits, BSN radio, coaching programmes.

Shaped by alumni, for alumni
Our Alumni Community is built with and for its members. An alumni board, composed of dedicated graduates, works alongside us to co-create events, generate ideas, and ensure the network remains dynamic and relevant. Your expertise, curiosity, and involvement are what make the community thrive!

For more information about alumni activities: visit the Alumni Community page on www.bsn.nl (for the Netherlands) or www.bsn.eu (for international).
